

GameView provides a simple, fast way to assign **any** sport, **any** time, to **any** TV.

INTERACTIVE FLOOR PLAN

- ✓ Easily plan programming and TV placement with a custom visual floor plan of the venue
- ✓ Reference TVs quickly with on-screen numbers
- ✓ Scales from a simple single-page floor plan to multi-story, multiple zone layouts defined (such as bar, dining room, patio, etc.)
- ✓ Custom-branded splash page

OPTIMIZED FOR SPORTS VIEWING

- ✓ Easily find games with an intuitive sports-themed menu
- ✓ See listings for sporting events currently broadcasting
- ✓ "Big Game Day" mode immediately tunes all TVs to a single source, then just as easily reverts all TVs to previous channels after the game
- ✓ Define favorite channels
- ✓ Find all games for any sport—whether it's pro, collegiate, or even local events
- ✓ Automatic categories and easy browsing
- ✓ GameView is a licensed Gracenote provider

SIMPLE IPAD INTERFACE

- ✓ Everything is controlled with an iPad. No computer, proprietary software, or processor is needed
- ✓ The iPad is both the processor and the gateway to all the content and hardware connections
- ✓ Control a single location with multiple synced iPads
- ✓ Backup all data and settings to the iCloud. Duplicate or restore data on a new iPad within minutes
- ✓ Maintain a common interface across multi-location venues and franchises
- ✓ Reduced setup time for installers and less training time for staff
- ✓ Create links to open apps within GameView that have custom URL schemes
- ✓ Easily assign a source to display groups, or use the Big Game Day mode

VIDEO PREVIEW WINDOW

- ✓ See a live video of the selected source
- ✓ Get assurance of what's on before assigning a source to a TV
- ✓ Control sources by tapping the video preview window

GameView provides a simple, fast way to assign **any** sport, **any** time, to **any** TV.

AUDIO CONTROL

- ✓ Independent volume control for each defined area (such as bar, dining room, patio, etc.)
- ✓ Independent audio source selection for each area
- ✓ Works with a wide range of commercial audio DSP processors

DISPLAY CONTROL

MATRIX ONLY

- ✓ Define different areas (such as bar, dining room, patio, etc.)
- ✓ Easily turn power on or off for all TVs or TV groups (with compatible hardware)
- ✓ CEC, RS232, and IR TV power protocol support
- ✓ Global Cache IR tower database integration to control cable boxes and other IR controlled devices.

ADVANCED DISPLAY MANAGEMENT

MATRIX ONLY

- ✓ Video Wall controls when displaying one or more sources across multiple TVs (with compatible hardware)
- ✓ Video Tiling controls when displaying multiple sources on one TV (with compatible hardware)

AUTOMATED START UP SEQUENCE

- ✓ Define all starting point TV power and channel selections
- ✓ Automatically set up all the TVs every morning with preset timer controls
- ✓ Easily set up and revise the sequence at the venue—no complicated macros required

SECURITY FEATURES

- ✓ Passcode protected
- ✓ Separate passcodes for the installer and staff users

CASINO INTEGRATION

MATRIX ONLY

- ✓ Interface with tvONE/CORIOmaster, CORIOview, and Blackmagic Multiview 4
- ✓ Master facility control over multiple independent GameView systems
- ✓ Casino key available to bypass GameView license check-ins
